INTRODUCTION TO THE NATURE OF NATURE

1. Listen to Reason! The repeats of information found in this literature are intentional for the purposes of clarity, memory drill, and emphasis on the points having already been made. This information I am about to read is a series of questions and answers designed to impart vital liberation information to The African Race and those who listen and learn, and this vital information is called "INTRODUCTION TO THE NATURE OF NATURE." "INTRODUCTION TO THE NATURE OF NATURE" is likewise known as NOONE which is The Science of Sound Right Reason. Let it be known.

WHO IS THE READER OF THIS PRESENTATION?

2. Listen to Reason! The Reader of this correct information is NUBII REPOO, and I am one of the chief representatives of Afroo Oonoo, NoopooH, and Noone. And for the benefit of the listening audience, Nubii Repoo is spelled N-U-B-I-I and R-E-P-O-O, and Nubii Repoo is indeed a member of The African Race also called The Ethiopian Race. And for the benefit of the reading public, the name Nubii Repoo is pronounced NOO-BEE RE-POO. Of course, all us Kinky-Haired People are racial relatives by Race and Nature. Let it be remembered always and let it be known!

WHO IS THE WRITER OF THIS PRESENTATION?

3. Listen to Reason! The Writer of this correct information is AFROO OONOO who is The Philosopher, Writer, and Messenger of NoopooH and Noone. And for the benefit of the listening audience, Afroo Oonoo is spelled: A-F-R-O-O and O-O-N-O-O. Afroo Oonoo is originally from The Sudan in Motherland Africa, and he definitely is a member of The African Race also called The Black Race. You personally need to know The Writer of this positive knowledge not nearly so much as you need to know this correct information he has written. And for the benefit of the reading public, the name Afroo Oonoo is pronounced AF-ROO OO-NOO. The Writer repeats: All us Kinky-Haired People are racial relatives by Race and Nature. Let it be remembered always and let it be known!

WHO IS NOOPOOH AND WHAT IS NOONE?

4. Listen to Reason! For the benefit of the listening audience and the reading public likewise, The Name NOOPOOH is spelled N-O-O-P-O-O-H and pronounced NOO-POO -- the H is silent and capitalized. In American English Dictionaries and Ancient Philosophy, NoopooH is spelled N-O-U-S and pronounced NOOS. NoopooH is the COSMIC REASON also called SOUND RIGHT REASON and NINE-REASON, and NOONE (which is spelled N-O-O-N-E and indeed pronounced NOON) is The Science of Sound Right Reason Who is definitely The Best Mind of The One Supreme Being. NoopooH is surely The Original Prime-Mover and Original Creator of The Universes and the original persons, places, and things thereof. NoopooH is The First Emanation of The One Supreme Being, that is to say, The Creative Powers of Nature Who GREW The Universes of Absolute Nature into creation order. Therefore, NoopooH (Sound Right Reason) is indeed also The Resurrector of The Mental Dead, those who are ignorant about The Positive Knowledge of Absolute Nature and Its laws. Let it be known!

5. Listen to Reason! The Ethereal Science of Sound Right Reason is Noone for sure, and Noone is also The Science of Liberation for The Mental Dead. Noone is The Truth and The Science of Mental Resurrection and Liberation from adverse forces, because It deals in correct information and imparts vital knowledge to those who are ignorant about the nature of, laws of, and requirements of The One Supreme Being by Whom we all survive and have our existence and consciousness. Like NoopooH is The Ethereal Powers of Noone, Noone is The Ethereal Science of NoopooH that deals in beginnings and endings of persons, places, and things, and their developments and declinations. Noone is The Ethereal Question-and-Answer Science; therefore, It does not just make for beautiful words but likewise provides Positive Knowledge for survival, liberation, and better living, plus the knowledge peoples need to know for mental food and mental growth. Noone is The Nature of Nature in words of knowledge and positiveness. Please let it be known!

CAN ONE DEFINE AND IDENTIFY THE ONE SUPREME BEING?

6. Listen to Reason! Yes. The One Supreme Being is NATURE ABSOLUTE, meaning, Nature -- whole and complete. The One Supreme Being is Absolute Nature Who is Infinite in all directions and Eternal. Of course, INFINITE means endlessness in Space, and ETERNAL means endlessness in Time as well as having no beginning. There are many Gods, but only one, One Supreme Being, and That is Omnipotent, Omnipresent, Omniscient Nature, also known as THE ALL-IN-ALL. Absolute Nature is All Space, All Matter, and All TIME and The Three are ONE and INSEPARABLE. Absolute Nature is all persons, all places, and all things -- past, present, and future. Let it be known.

7. Listen to Reason! Of course, All Space is endless vacuum, emptiness, and nothingness in all directions; All Matter is endless somethingness and occupant of Space in all directions, and All Time is endless continuity and keeper of the existence of All Space and All Matter in all directions. Therefore, the true definition of Matter is anything and everything that occupy Space, and the true understanding of this definition of Matter does mean that all Spirit Beings, Gods, and Goddesses who exist must be parts of Absolute Nature and may be called The Angels of The One Supreme Being. The One Supreme Being exists by OPPOSITES called NOTHINGNESS which is indeed VACUUM and SOMETHINGNESS known as MATTER, controlled by energies called BRAIN-NOOTS and REASON, and INSTINCTS and CHARACTERISTICS known as LAWS and CYCLES. Let it Be known!

WHO AND WHAT ARE REASON AND THE CREATOR?

8. Listen to Reason! Reason is The Supreme Energy produced by Brains. Brain-Noots grow Brains, and Brains produce thinking and Reason. Brain-Noots are THE GODS IN THE MATTER of Absolute, and They pervade All Matter in one degree or another and make all persons, places, and things related. Although Brain-Noots can neither be seen with the naked eyes nor with a microscope, we can see with them, hear with them, smell with them, taste with them, and feel with them, emotionally and physically. Brain-Noots

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

grow Brains who are their visible physical representatives, and this means that Brain-Noots are mental, spiritual, and physical for all their practical purposes. Brains melt down Brain-Noots into workable active energy called mind and mentality -- part of whom may be Reason; and Reason is the active Mind Energy who creates all persons, places, and things, whether they be artificial or natural, while using other energies as well as Reason Himself and Herself. Let it be known!

9. Listen to Reason! It is true that Brain-Noots are magic and magnetic particles of Matter; Brains are The Medium of Brain-Noots and Reason, and Reason or Reasoning is the mental process of figuring something out. Naturally or artificially, before anything can be created for the first time by whatever means, the form it will take and the formula or material that will be used to constitute it must be decided, and THE ONLY ONE Who can do this is REASON. Of course, Reason has different degrees and levels up to The Cosmic Reason, and The Cosmic Reason has Opposites called NOUS (also known as NoopooH) and ZEUS (also called Logos). Nous exists in the top half of The Existence Circle and is The First Prime-Mover, Primary Creator, and Resurrectionist of The Mental Dead. Let it be known!

10. Listen to Reason! Logos exists in the bottom half of the Circle of Existence and is The Second Prime-Mover, Secondary Creator, and Evolutionary Processor of persons and things. For the benefit of the listening audience, Logos is spelled L-O-G-O-S. Noone is The Ethereal Science of NoopooH, and Pantheism is The Ethereal Science of Logos. The Life of The One Supreme Being is NATURAL ETHER produced by The Suns of The Universes; and Sound Right Reason, The Liberator, is The Best Mind of that Life, because It produces the positive and best knowledge, understanding, and wisdom for persons and things, as well as being The Creator of The Universes of Infinite-Eternal Nature. Sound Right Reason is Nous also known as NoopooH, and Reason includes male and female principles and energies as The Opposites-Creator. Let it be known!

ARE THERE DIFFERENT LEVELS OF GODS AND GODDESSES?

11. Listen to Reason! There are five main levels of Gods and Goddesses of Absolute Nature (The One Supreme Being). First level -- The Brain-Noots Gods and Goddesses who are in ALL MATTER of Infinite Nature in various degrees, and They are ETHEREAL and produce Brains; Brains produce Reason and Reason produces entities and organisms, persons and things by way of Brain-Noots and Brains. Brain-Noots are THE HIGHEST QUALITY OF MATTER that can exist and are thereby THE GODS and GODDESSES in ALL MATTER at THE HIGHEST LEVEL. Brain-Noots are SPONTANEOUS and EFFICACIOUS, meaning, They are automatic when conditions in Nature call for movement and They are able to do what is necessary to fulfill the requirements of Their Laws and Cycles. Being microscopic and macroscopic means that Brain-Noots can neither be seen with the microscope nor the naked eyes, but we can see with them, taste with them, hear with them, smell with them, think with them, and feel with them, emotionally and physically. Brain-Noots are MAGIC and MAGNETIC PARTICLES OF MATTER Who is Nature's ULTIMATE POWERS Who do all creations through Brains and Reason. As a brain is formulated by Brain-Noots, REASON develops and does Its works. Let it be known!

12. Listen to Reason! There are many Gods and Goddesses but only one, One Supreme Being, and That is Absolute Nature -- Infinite in all directions and Eternal. The second level is The Orb-Gods and Goddesses who by way of Brain-Noots, Brains, and Reason (Nine-Reason) grew The Chaotic Matter of Absolute Nature into creation order. The Orb-Gods and Goddesses are Universe Orbs and Bodies like The Stars, Planets, and Satellites of The Universes and The Universes Themselves. There are Galaxies of Universes of Infinite Nature like there are galaxies of Stars in The Gigantic Universes. Let it be known!

13. Listen to Reason! The third level is The Spirit-Gods and Goddesses produced by The Brains of The Universe Orbs such as The Stars, Planets, and Satellites of The Universes of Eternal Nature. The Brains of Universe

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

Orbs are located in their centers, and they produce Spirit Beings called Original Spirit-Gods and Goddesses by BRAIN CONCENTRATION; and Spirit Beings multiply by division, meaning, male and female ether-energy organisms divide part of themselves and unite those male and female parts and formulas into a single spirit organism or entity. Spirit-Gods and Goddesses are programmers and controllers in Absolute Nature and may be called The Angels of The One Supreme Being. Spirit Beings do not physically create like Brain-Noots, Brains, and Reason, but they do create good or evil conditions and spells and curses that control peoples' lives and also their welfare. Let it be known!

14. Listen to Reason! The fourth level of Gods and Goddesses is indeed The Flesh-and-Blood Peoples who inhabit the top half of The Smat Circle of Order during the time that the top half exists. The Original Flesh-and-Blood Gods and Goddesses are born from THE NINE-ETHER-CLAY WOMB of Mother-Goddess Earth which is next to her center and extends to The Source of The Nile River in Equatorial Africa. But these Flesh-and-Blood Original People do not have sex intercourse until THE EVOLUTION QUARTER of The Smat Circle of Order begins. After Evolution begins and these Gods and Goddesses procreate THE AFRICAN RACE by sex activities, They die out and become extinct by sinking into Mother Earth, but They return later as races of peoples and animals of Nature. For more details about origins of persons and things, see other literature written by Afroo Oonoo entitled "INTRODUCTION TO THE NATURE OF NATURE" and found in African-American Bookstores. Let it be known!

15. Listen to Reason! The Demi-Gods and Goddesses are the fifth level of The Royalty and Elites of Absolute Nature. A God is a male organism, once created and organized, he never ceases to exist in one form and formula or another until The Universes of Nature disintegrate. And, of course, a Goddess is the female version of a God definition. A God and Goddess are mental and spiritual and can become physical by incarnation or magic. Let it be known!

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

16. Listen to Reason! A Demi-God is a Spirit-God of lesser rank than an Original Spirit-God, and he was procreated by spirit-to-spirit reproduction, and the same goes for a Demi-Goddess in the female sense. An Original Spirit-God or Goddess is one who was created by BRAIN CONCENTRATION at the center of a Universe Orb. A different level of The Demi-God category is when a Spirit-God or Goddess become an incarnation or reincarnation by entering A HUMAN BEING and dilating himself or herself throughout the physical body including the head of that person; and other different lesser levels of SEMI-GODHOOD can be created if that incarnate God or Goddess has offspring with other incarnations or reincarnates or with Chosen-by-Nature Human Beings. Let it be known!

17. Listen to Reason! Nature Royalty is determined by bloodlineage flowing from the Incarnations of Gods and Goddesses and the Kinship of Demi-Gods and Goddesses to their ancestry. If a person is a Natural-Born King, a Natural-Born Queen, a Natural-Born Priest, or a Natural-Born Elite by Nature, he or she learns of it in the proper place and at the proper time, because these people are ROYALTY of Absolute Nature and thereby obligated to learn and practice Positive Nature Knowledge including The Laws and also Standards of Nature and be able to lead people in the right way. These facts are especially true now that THE MOON CYCLE and EVOLUTION have ended and THE SUN CYCLE and REVOLUTION have begun. Let it be known!

WHO IS THE AFRICAN RACE AND WHAT IS OUR SPIRITUAL SCIENCE?

18. Listen to Reason! The African Race is THE DIRECT DESCENDANTS of The Original Flesh-and-Blood Gods and Goddesses who existed in the top half of The Smat Circle of Order during the time that the top half existed, and those Gods and Goddesses sexually procreated The African Race before They became extinct, that is to say, before They died out but metamorphosed into other persons and things after death. This Writer can truly call Kinky-Haired People The African Race, because: The Gods and Goddesses who reproduced us were born from The Source of The Nile River in Equatorial Af-

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

rica, whereas the progenators of other Human Races originated from the waters of Indonesia. The African Race is all people who grow genuinely KINKY HAIR on their heads by Nature. The African Race (also called The Ethiopian Race and The Black Race) has KINKY HAIR, because: The Gods and Goddesses who sexually procreated us had Kinky Hair. Let it be known!

19. Listen to Reason! The True Spiritual Science of The African Race is called NOONE. Noone was already mentioned in these writings, and for the benefit of the listening audience and reading public again, Noone is definitely spelled N-O-O-N-E and pronounced NOON. Noone is The Science of Sound Right Reason which is The Philosophy and Mind of The Original Creator called NOOPOOH -- The First Emanation of The One Supreme Being. For the benefit of Listeners and Readers again, NoopooH is spelled : N-O-O-P-O-O-H and pronounced NOO-POO -- the H is silent and capitalized. Noone is The Ethereal Science of The Ethiopian Race because it was The Science of The Original Flesh-and-Blood Gods and Goddesses who procreated us Africans before They died out and became other beings. Moreover, NoopooH and Noone are THE POSITIVE POWERS and SCIENCE of The One Supreme Being, and therefore are The Powers Who must resurrect The Mental Dead from their grave of ignorance about Absolute Nature and Its laws. Let it be known!

20. Listen to Reason! Like all human races, The African Race has two sides -- THE NEGATIVE and THE POSITIVE -- The positive side of The Ethiopian Race requires Sound Right Reason (NoopooH) and The Science of Sound Right Reason (Noone) for survival, longer life, and better living. Noone is The Ethiopian-Race Science of All The Worlds. Noone deals in origins, endings, Positive Knowledge, Positive Understanding, and Positive Wisdom whose source is NOOPOOH -- The First Emanation and Cosmic Powers of The One Supreme Being. Let it be remembered always and let it be known!

WHAT IS TRUTH AND WHO IS THE MENTAL DEAD?

21. Listen to Reason! Truth is knowledge, and knowledge is correct information. Truth is correct information about any person, place, or thing

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUED

whosoever or whatsoever. Truth is not confined just to Religion or Spiritual Science; it can be knowledge or correct information about anything. But the particular truth that THE MENTAL DEAD and those persons in mental, spiritual, and physical captivities need, is truth about Absolute Nature and The Laws of Nature needed for mental, spiritual, and physical life and security. Peoples need to know their origins and that of others and what is required by Nature for survival, longer life, and better living indeed in peace and harmony with each other. It is written that we shall eventually know The Truth and The Truth will set us free. Noone is the kind of Truth we all need for mental resurrection and liberation from Adverse Forces such as one-sided racism, disease, poverty, and hunger as Time progresses. Truth is knowledge, and knowledge is correct information; therefore, Truth is correct information. NOONE IS TRUTH. Let it be known!

22. Listen to Reason! THE MENTAL DEAD are those persons who do not know the true origin of The Universes, do not know the origin of his or her own ethnic race and that of other human races, do not know and accept that Absolute Nature is The One Supreme Being eternally, do not know and also practice enough Positive Knowledge about Unique Nature and Its laws for true mental life and the practice of True Culture, and do not know what needs to be known for survival of ARMAGEDDON and beyond. Just as some Spirit Beings are deader than others, some Human Beings are mentally deader than others, but Positive Nature Knowledge is the medicine needed and required to cure Nature Ignorance that keep peoples in mental darkness, spiritual prison, and physical captivity. The Positive Powers called NoopooH and The Positive Truth known as Noone are required for resurrection from the grave of ignorance about Positive Nature Knowledge and liberation from the prison of mental, spiritual, and physical captivities. Let it be remembered always and let it be known!

WHAT DOES CREATING MEAN AND WHERE IS THE CREATOR?

23. Listen to Reason! Creating does not mean producing something from nothing as many people believe or assume. Creating means producing, re-

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

producing, building, manufacturing, constructing, forming, formulating, composing, constituting, concentrating, or growing persons, places, and things from matter or material already existing. Naturally speaking, the same way The Creator creates persons and things today is the same way He and She created persons and things at the beginning of Universe Order, and that is by GROWING them. Let it be remembered always and let it be known!

24. Listen to Reason! Brain-Noots are The Creator by way of Brains and Reason, and Brain-Noots exist in ALL MATTER in various degrees. Brain-Noots are The Prime-Mover in Matter, and The Prime-Mover is the first particles of Matter to make the first move toward putting Matter into creation order. The powers and energies of Eternal Nature are spontaneous and efficacious, meaning, automatic and able to do what is necessary and also desired. Brain-Noots are activated by the proper conditions for formulation and growth and The Laws and Cycles of Nature, and They are motivated by the nature of The Matter being used and the cycle in season. The One Supreme Being is THE LIFE of every living person and thing, because: It is true that Brain-Noots are in the water we drink, the food we eat, and the air we breathe. Brain-Noots are magic and magnetic particles of Matter, and They are THE GODS in ALL MATTER of Absolute Nature, and in mentality They become Mind and Reason; in spirit They become Natural Ether and Life, and in physiology They become Brains and Light. The Creator is in ALL MATTER in one degree or another, and, although we can neither see Brain-Noots with the naked eyes nor with a microscope, we can see, taste, feel, hear, smell, and think with Them. Brain-Noots are magic and magnetic, spontaneous and efficacious particles of Matter Who are indeed THE SOURCE of Brains and Reason -- The Ultimate Creator, that is to say, The Final Creator. Let it be remembered always and let it be known!

WHAT IS A LAW AND A CYCLE OF NATURE?

25. Listen to Reason? A Law of Nature is a Characteristic of Nature and a Standard of Nature, meaning, each time a certain condition arises in Na-

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

ture, Nature acts or reacts the same way to that same condition, consistently. Another way to put it is: The law of a person or thing is THE NATURE of that person or thing. Therefore, The Laws of Nature are The Nature of Nature. If the atmospheric pressure decreases, the weather will become inclimate -- cloudy or windy and rainy or whatever, but, when the atmospheric pressure increases, the weather becomes fair and sunny, et cetera. Another example of a Law of Nature is: Water will flow until it finds Nature's level. These actions will happen the same way each time that conditions are the same, and these are Laws of Nature. Each time a person puts his or her naked hand to the fire he or she will get burned constantly, unless some magic force intervenes; this is a Law of Nature, because a Law of Nature is consistent the same way under the same conditions. Let it be known!

26. Listen to Reason! Spirit Beings can not change The Laws of Nature permanently, but they can interfere with them temporarily, for the aim of impressing people for some reason, helping people for some reason, or harming people for some reason. A Cycle of Nature is a NETWORK of Laws of Nature designed to complete a circuit of action; a network of Cycles of Nature is designed to complete a circle of action by degrees like The Circle of Existence also called The Smat Circle of Order. Each circle degree of The Smat Circle of Order completes a circuit of action, and a circle degree of The Smat Circle is one hundred thousand (100,000) years. A degree cycle of one hundred thousand years has many lesser circuits which constitute the cycle. From birth until death is a cycle; when one sleeps until he or she wakes up is a cycle; and when one works until he or she becomes exhausted is a cycle, and any meaningful change in these actions during their processes is a lesser cycle or circuit. To put it another way: Laws of Nature constitute Cycles of Nature; Cycles of Nature constitute degrees of Nature, and Degrees of Nature constitute Circles of Nature as verified by The Smat Circle of Order and Universe Orbs such as Stars, Planets, and Satellites of Eternal-Infinite Nature. Let it be known!

WHAT ARE TWO OF THE LAWS OF NATURE WHICH AFFECT HUMAN BEINGS MOST?

27. Listen to Reason! "The Law of Pleasure and Pain" and "The Law of Kindred or Bloodlineage" are two of The Laws of Nature which affect Human Beings most. The Law of Pleasure and Pain maintains that PLEASURE must be balanced off by PAIN and PAIN will be balanced off by PLEASURE, because pleasure and pain are OPPOSITES in Nature and one must offset the other, for Absolute Nature is The Gigantic System of opposites and balances. The foregoing information means that the less pleasure one has the less will be his or her pain and suffering; the less fun one has the less will be her problems and troubles. Also, the more pain one has not due to pleasure the more will be his or her comfort and joy; the more pain one has not due to pleasure the more will be his or her pleasure and accomplishment. The following information will show how and why this Law (The Law of Pleasure and Pain) is linked directly to the second Law (The Law of Kindred or Kinship) mentioned in this paragraph. Let it be known!

28. Listen to Reason! A member of a species or race is only part of the whole, because the whole being of a species is THE WHOLE RACE. And this means what happens to one member of a race of beings has happened to the whole race, because the whole race is one by Nature and heritage. The foregoing information is THE BASIS for "The Law of Kindred or Bloodlineage" in Nature. If a member of a species or race does something good or evil or right or wrong, the whole race is responsible for the good deed done or punishable for the bad deed perpetrated until the deed is indeed balanced off by Nature or Its helpers directly upon the person having done the deed, a family member, or a racial relative. This law means that you are surely your brother's keeper as the old proverb goes. Everyone should be very careful about what he or she does, because: By Nature, if an individual himself or herself does not account for a deed done, a member of his family or his ethnic race will, because the deed must eventually be balanced off, and all members of the species are one and the same by Nature due to the same HERITAGE and BLOODLINEAGE, originally. Be it known.

CAN WE RECONSTRUCT THE PAST AND CONSTRUCT THE FUTURE?

29. Listen to Reason! Yes. The Circle of Existence also called The Circle of Order or The Smat Circle of Order allows those qualified to indeed review THE PAST and look forward into THE FUTURE. Sound Right Reason (NoopooH) The Best Mind of The One Supreme Being (Absolute Nature) and the proper contact with Spirit Beings who were there when past events happened, give one qualified the hindsight needed to reconstruct the past to the extent needed for mental order, and mind power necessary for mental life and NATURE EDUCATION. The proper understanding of The Smat Circle of Order gives one the insight needed to do the framework of origins and progressions of The Circle from one point or degree of The Circle of Order, counterclockwise around on The Circle, and back to the same point at the beginning. To make a long story short: Where The Smat Circle is concerned -- The Past is The Future and The Future is The Past in the sense that The Circle of Existence goes around and around and all persons, places, and things exist on The Smat Circle of Order. Let it be known!

30. Listen to Reason! The word SMAT is THE ACRONYM (first letter of each word) for the words SPACE, MATTER, AND TIME. Therefore, The Smat Circle of Order is same as saying "The Space, Matter, and Time Circle of Order". This Order Circle is 720 degrees, because: The top half of The Circle is The Zone of Heaven and Life, and bottom half is The Zone of Hell and also Death. The two opposite halves exist in the same place (which is everywhere) but at opposite times. The Smat Circle is divided into four equal quarters by a vertical line and a horizontal line. The first quarter (the beginning quarter) is called REVOLUTION and is the bottom right quarter of The Circle; the second quarter is called ORIGINATION and is the top right quarter of The Circle; the third quarter is called DORIGINATION and is the top left quarter of The Order Circle, whereas the fourth quarter is the bottom left quadrant of The Circle and is called EVOLUTION which is the most negative quadrant of the whole Smat Circle of Order. The Smat Circle of Order rotates COUNTERCLOCKWISE -- opposite to the hands of a clock. Let it be known!

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

31. Listen to Reason! The Evolution epoch is only one quarter (the fourth quarter) of The Smat Circle of Order, and like the other three quarters, it is a time period of eighteen millions of years. We never hear anything about the other three quarters of The Great Time Circle, because mundane scientists would have to deal with origins and progressions which would start with conception and birth of The Universes and the persons thereof who was The Progenators of The African Race also called The Ethiopian Race, and scientists of other ethnic races are not ready to admit definitely that The Ethiopian Race was first on Planet Earth and The Original CULTIVATORS of The Whole World. Whereas Caucasians do use the terms -- CIVILIZE and CIVILIZATION -- members of The African Race must use the education words -- CULTIVATE and CULTIVATION instead which alludes to TRUE CULTURE. Let it be known!

WAS NORTH AMERICA THE WILDNESS WE WERE TAUGHT? AND WERE ALL SO-CALLED NEGROES BROUGHT TO AMERICA AS SLAVES, ORIGINALLY?

32. Listen to Reason! No. The Original Flesh-and-Blood Gods and Goddesses, who first inhabited Planet Earth during the top half of The Smat Circle of Order, had visited and inhabited all land areas of Mother Earth before They became extinct and eventually metamorphosed into other peoples and animals. But, before they died out and became other persons and also things, They sexually procreated The African Race also called The Black Race, and this is how it is true that members of The African Race were on all land areas of Goddess-Mother Earth before any other human race. Therefore, so-called Negroes inhabited North America long before the American Indians and taught THE AZTECS OF MEXICO and THE INCAS OF SOUTH AMERICA decorum and culture - this is why THE HEAD or BUST of AN AFRICAN KING or GOD was found in Mexico and other places in The Americas. Let it be known!

33. Listen to Reason! When Columbus was supposed to have discovered North America in 1492 A.D., THE MOORS were sailing THE SEVEN SEAS with expertise in time immemorial. The Moors were members of The Ethiopian and Phoenician

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

an Races who were MASTERS of water and hydraulics and thereby master seamen and master builders. It is written that members of The African Race laid out Washington D.C. and did most of the building. Some members of The Ethiopian Race were HONORARY INDIAN CHIEFS when The Pilgrims set foot on Phymouth Rock. The main point is this: Black People of Africa and African Descent must strive and struggle to break out of the small mental and spiritual circle of ignorance and deception that Caucasians have created for us with their history and religion; and this means that We Black People must use our intelligence which is our Sound Right Reasonability, evidence, and the little we already know in order to reconstruct the past knowledge of ourselves, the knowledge about others, and The Positive Knowledge about Absolute Nature for the purpose of liberating our Ethnic Race from mental, spiritual, and physical captivities. Let it be known!

34. Listen to Reason! North America was not as much of a wild wilderness as we were taught that it was. It is written that Caucasians scattered and killed off at least forty-nine (49) million Indians, and many others fled to Canada and Alaska as well as Mexico and Latin America; so it does stand to reason that more than forty-nine million (49,000,000) Indians did not live in just TEPEES and WIGWAMS in North America. Like Aztecs of Mexico, The American Indians had housing systems like THE PUEBLO HOUSING and other related brick and log projects. The point is this: Everywhere Caucasians went and found a flourishing culture and its artifices, they willfully destroyed them after conquering the peoples thereof. The things they did not destroy, they claim to have created those things themselves. We members of The Ethiopian Race must stop thinking in just the small circles of religion and history which Caucasians have created for us as their slaves and servants, if we are to liberate ourselves from ADVERSE FORCES by help of NoopooH and Noone. Let it be known!

ARE COMMERCIAL MEDICINE AND CARE SUFFICIENT?

35. Listen to Reason! It depends. Each case may be decided on its own

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

merits; There are many operations performed that are not necessary, and the same goes for the medicines prescribed. To put it another way: When a physician gives or prescribes for a patient -- chemicals for illness -- the doctor might also have to prescribe more chemicals to ward off the side affects caused by the previous prescription or prescriptions, and so on. Here is the point: Why not give NATURAL NATURE a chance first. Get yourself a herbal information book such as the herbal booklet entitled -- "HERBALLY YOURS" by Penny C. Royal -- found in Herbal Health Bookstores, and use the information in it for better health purposes and practices. HERBALLY YOURS quickly tells us what herbs help us with what, if we follow instructions properly. When you are sure that NATURAL HERBS will not work sufficiently, then you might have to resort to the doctor or the hospital or both, but for an operation or surgery, always get more than one opinion, because nowadays the medical profession is a commercialized industry. Let it be known!

WHAT ARE LIBERATION AND FREEDOM?

36. Listen to Reason! True Liberation is the mental, spiritual, and physical separation from ENEMY FORCES. You could take a group of captive people who have been under the control of slaveholders for many years, and those slavemasters have stripped the oppressed people of everything including their dignity and respect; so just by physically separating the captives from the captors does not fully constitute true liberation, because the captives still have slave mentalities and demonic deceptions. The mental and spiritual parts of the liberation process should come first because the captive people can then see and understand why there must be a physical separation from enemy forces in order to realize true liberation. The Ethiopians Powers NoopooH and Their Science Noone help Black People make their necessary mental and spiritual separation from enemy forces before going on to the physical separation, although Africa is wherever we Africans are in our right mind, and that right mind is NoopooH and Noone. Let it be remembered always and let it be known!

37. Listen to Reason! Caucasians do not talk about LIBERATION; they talk about their FREEDOM only, because they have liberation already from oppression by other ethnic races. However, there are different kinds of liberation from adverse forces such as one-sided racism, hunger, disease, poverty, perversion, et cetera, and many peoples are in need of these liberations. True Freedom by Nature does not mean doing what you want to do whenever you wish to do it; real freedom means having the opportunity and support to do what is right to the best of your knowledge and ability as dictated by your society and the receipt of equal justice for all under the law. Freedom of speech by Nature does not mean that one person should be allowed to slander and vilify another person because he or she wants to or for a dramatic news story. True Freedom by Nature does not mean that one person can set upon another person and do him bodily harm because the assailant hates the victim or because the victim is of another ethnic race of people. True Freedom is based upon HUMAN RIGHTS by Nature instead of CIVIL RIGHTS by man. Negative happenings in the name of freedom is DEMONISM in the name of Satan. Let it be remembered always and let it be known.

38. Listen to Reason! The word LIBRA is short for LIBERATION, and we all are at the beginning of The Libra Cycle which is the first third of The Revolutionary Cycle. The Revolutionary Cycle lasts for eighteen million (18,000,000) years, and The Libra Cycle is the first six million (6,000,000) years of the Revolution Quarter. The Moon Cycle was the last six thousand (6,000) years of The Virgo Cycle, and The Sun Cycle is the first six thousand (6,000) years of The Libra Cycle. The word LIBRA is the acronym of the phrase: "LET IT BE REMEMBERED ALWAYS" and the word Libra does mean liberation, balance, equality, and justice which is long overdue on Mother-Planet Earth. It is true that NoopooH and Noone will help cause these values and qualities and standards to happen via atmospheric positive changes, positive knowledge, positive understanding, and positive wisdom in The Powers of The One Supreme Being who is Absolute-Infinite-Eternal Nature. Let it be remembered always and let it be known!

DID THE SPIRIT-GODS AND GODDESSES OF AFRICA AND
ASIA DESERT THE ETHIOPIAN RACE? AND IF SO, WHY?

39. Listen to Reason! Yes. It is obvious that they eventually deserted The Ethiopian Race, otherwise we would not find ourselves in mental, spiritual, and physical captivities. The question "why did the Spirit-Gods and Goddesses of Africa and Asia eventually forsake The Ethiopian Race" is next, but in order to understand the answer to this question, one must first know something about The Smat Circle of Order. The Smat Circle of Order is The Existence Circle of All Space, All Matter, and All Time in endlessness of distance and continuity. When this Great Circle of Time and Reasonability is divided into four equal quarters by a perpendicular line and a horizontal line, it gives us The Four Seasons of All Existence. All Existence is Absolute Nature in General, and Absolute Nature in General is Nature complete. Let it be known!

40. Listen to Reason! As you face the Circle of Order, the first quarter of The Circle is on the bottom right and is called Revolution or The Revolutionary Cycle, and it represents The Spring Time of All Existence in powers, standards, qualities, morals, and all values of Absolute Nature. The second quarter of The Circle is on the top right side and is called Origination or The Originary Cycle, and it represents The Summer Time of All Existence in powers, standards, qualities, ethics, and all values in Eternal Nature. The third quarter of The Existence Circle, as The Circle turns counterclockwise, is on the top left side and is known as Dorigination or The Doriginary Cycle, and it represents The Fall or Autumn Time of All Existence which is Infinite Nature; The fourth quarter of The Smat Circle of Order is on the bottom left side and is called Evolution or The Evolutionary Cycle, and it represents The Winter Time of All Existence in powers, standards, qualities, morals, and all values of Unique Nature. Although the Writer missed saying it earlier in this paragraph, The Autumn Time of Almighty Nature likewise represents in powers, standards, ethics, qualities, and all values of Unique Omnipotent Nature. Let it be known!

TAPE ONE OF NATURE CONTINUES

41. Listen to Reason! Evolution is not improvement in persons, places, and things in the sense that we have been led to believe, but deterioration instead, especially for The Ethiopian Race, because The Original God-Goddess progenitors and ancestors of The African Race inhabited the top half of The Smat Circle of Order in the highest mental, spiritual, and physical conditions and qualities of Nature possible for flesh-and-blood beings; so, when the bottom half of The Order Circle came as Evolution, that meant continuous decline for the descendants of The Flesh-and-Blood Gods and Goddesses who lived in the top half of The Circle, and their descendants are The African Race. Yet, on the other hand, straight-haired peoples' ancestors and progenitors did not originate until after Evolution began, and these straight-haired people are called MANKIND, and mankind was slated to incline (rise) in power and authority while PTAHKIND (The Ethiopian Race) was scheduled to decline (fall) until the end of Evolution at rock bottom of The Smat Circle of Order. Let it be known!

42. Listen to Reason! So, you should be able to see and understand by now that the decline and fall of The Ethiopian Race were due to The Negative Powers of Evolution and decrease in our Sound Right Reasonability due to the same Negative Forces of Nature. Therefore, there was not much The Gods and Goddesses of Planet Earth could do about the decline and fall of The Ethiopian Race, because our downward plight was predestined by the circular activities of The Circle of All Existence known as The Smat Circle of Order. However, and fortunately, it is now time for the mental resurrection, rise, and liberation of The African Race, because: The Smat Circle of Order must keep turning, and we Africans as an ethnic race have reached ROCK BOTTOM; so there is only one way to go and that is upward, unless it is time for The Universes of Infinite-Eternal Nature to start disintegrating. Let it be remembered always and let it be known!

CAN I FIND MORE INFORMATION LIKE THIS IN BOOK FORM?

43. Listen to Reason! Yes. As well as this information being in tape form, you can also get the written transcript of this knowledge. Moreover,

Afroo Oonoo, The Writer of this message, has likewise written other works like: "Are you searching for knowledge? If so, read me" and "Introduction to The Nature of Nature" -- Book One and Book Two -- found in African-American Bookstores. And remember, The African Race must widen our mental horizon and magnify our mind circle beyond that created for us by other ethnic races; and the vital knowledge provided for The Ethiopian Race by Afroo Oonoo, The Philosopher, Writer, and Messenger of Sound-Right-Reason NoopooH, is a VERY BIG STEP in the right direction. Let it be known!

REVIEW AMD ADDITIONAL INFORMATION

44. Listen to Reason! Introduction to The Nature of Nature is also called Noone, and Noone (Noone is spelled N-O-O-N-E) is The Ethereal-Universe Science of The Ethiopian Race also known as The African Race. The Ethiopian Race is all people who grow genuinely Kinky Hair on their heads by Nature. Noone is The Nature of Nature in words of Positive Knowledge and Positive Understanding plus Positive Wisdom. Knowledge is correct information and vice versa. Let it be remembered always and let it be known!

45. Listen to Reason! This correct information is an introduction to The Nature of Nature for the benefit of those who desire to know more about Nature and have a closer relationship with Absolute Nature, mentally, also spiritually, and physically for purposes of survival, longer life, and better living plus liberation from adverse forces like one-sided racism, poverty, disease, hunger, and ignorance about Absolute Nature and Its Laws and Cycles. This knowledge is for all ethnic races in general and The Ethiopian Race in particular. The Ethiopian Race is at the bottom of the Totem Pole of respect from other human races and at the top of the measuring tape of degradation when compared to the dignity and respect The African Race could have and should have. Let it be known!

46. Listen to Reason! The Orator (or Speaker and Reader) of this Positive Information is Nubii Repoo, a chief representative of NoopooH and Noone, and I am an Ethiopian by Race. The Writer of this correct informa-

TAPE ONE OF NATURE CONTINUES

tion is an Ethiopian or African by Race likewise, and he is originally from The Sudan in Motherland Africa, and his Eastern Name is Afroo Oonoo, The Philosopher, Writer, and Messenger of Nine-Nature NoopooH -- indeed The Original Prime-Mover and Creator in The One Supreme Being called Absolute Nature who is Infinite in all direction and Eternal. Eternal, of course, means never had beginning and can never end. Let it be known!

47. Listen to Reason! The beginning of Genesis of The Caucasian Bible (The King James Version which most Afro-Americans are familiar with) says nothing about God making something from nothing. The idea of making something from nothing is a false assumption and a blind belief. Making something from nothing is impossible for any person or thing to do, no matter how powerful and mysterious he, she, or it might be. Creating definitely does not mean making something from nothing; it means producing or reproducing persons, places, and things from matter or material already existing. Let it be remembered always and let it be known!

48. Listen to Reason! With this correct information (correct information is knowledge), this Writer's intention is to introduce you to The Nature of Nature in words called Noone. People for hundreds and even thousands of years have desired to know more about and have relations with The One Supreme Being, but did not really know who, where, and what It is, So, this knowledge of Almighty Nature is your opportunity for enlightenment by way of NoopooH and Noone -- The Ethiopian-Race Ethereal Powers and Science of All The Worlds.. Let it be remembered always and let it be known!

49. Listen to Reason! There are many Gods and Goddesses (The Sun-God, Earth-God, Moon-God, Underworld-God, Sea-God, Serpent-God, et cetera, and their Consorts) but only one, ONE SUPREME BEING, and That is Absolute Nature -- Infinite in all directions and Eternal. Absolute Nature is All Space, All Matter, and All Time in endlessness. Of course, All Space is endless nothingness, emptiness, and all vacuum in all directions; All Matter is endless somethingness and endless occupancy of Space in all di-

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

rections, and All Time is endless continuation of the existence of All Space and All Matter in all directions. Therefore, the true definition of Matter is anything and everything that occupy Space. Understanding this true definition of Matter, one can readily and easily see that any God who exists has to be a part of Absolute Nature. Hence, Gods do not create Nature; Nature creates Gods and Goddesses. Let it be known!

50. Listen to Reason! This knowledge (knowledge is correct information) is for the benefit of all human races in general and The Ethiopian Race in particular. One major reason why members of The Ethiopian Race (all people with genuinely Kinky Hair on their heads by Nature) have not been able to liberate ourselves from enemy forces is the need for OUR OWN POWER BASE like our own Philosophy, that is, our own Spiritual Science and our own way of life also called TRUE CULTURE. The knowledge written here is part of our True Culture in words likewise called The Science Noone. It is so that The Science Noone is True Culture and vice versa. Noone is The Ethiopian-Race Science of All The Worlds, and Noone is indeed The Power Base that The Black Race (The African Race) needs for guidance and spiritual power in The Name NoopooH. True Culture, of course, is the way of life and death based upon Nature and Reason and The Laws plus Cycles thereof. Let it be remembered always and let it be known!

51. Listen to Reason! Noone is The Words of True Culture and The Science of Sound Right Reason, and Sound Right Reason is NoopooH -- The Original Prime-Mover and Creator of The Universes of Eternal Nature. Sound Right Reason is THE BEST MIND and The Original Mind of The One Supreme Being known as Omnipotent, Omnipresent, Omniscient Nature. Sound Right Reason is now beginning to emanate from THE CENTERS of The True Stars called THE SUNS of The Universes of Absolute Nature. You may also call Sound Right Reason, The Cosmic Reason and Nine-Reason. Sound-Right-Reason NoopooH is called NOUS (and spelled N-O-U-S) in American English Dictionaries and Ancient Philosophy. Nous (NoopooH) is The First Emanation of The One Supreme being and The Original Prime-Mover of The Universes. Be it known!

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

52. Listen to Reason! Moreover, Spirit Beings are Forms of Reason too, and The Positive Ones among them will help The African Race regain our True Culture and way of life by Nature. However, there are various degrees and various forms of Reason and Spirit Beings, and those other degrees and levels too of Reason and Spirit Beings are given and explained in the books entitled "INTRODUCTION TO THE NATURE OF NATURE" also written by Afroo Oonoo, The Scribe and Messenger of Sound Right Reason known as NoopooH -- The Primary Creator which is same as saying Primary Grower. Of course, the way that Nature creates is BY GROWTH, meaning, by growing persons, places, and things into CREATION ORDER. Let it be remembered always and let it be known!

52. Listen to Reason! One main reason for the disclosure of this vital and correct information (correct information is knowledge) is to inform members of The Ethiopian Race that it is time to embrace our own Spiritual Science and our own True Culture in General. Members of The African Race try to follow everybody else's philosophy and way of life because they do not know our own or because the evil spells and curses from Religion have taken away their reasonability to the point of no return -- no return to REASON and REALITY. If a person is intelligent enough, he or she can mentally escape to The World of Reason and Reality which is NOONE, inspite of evil spells and curses from Religion. The Science Noone is The Nature of Nature in Words of Sound Right Reason and The Laws and Cycles of Nature. Noone is in The Positive Nature of The Black Race. Let it be remembered always and let it be known!

53. Listen to Reason! Knowing our identity in Nature and by Nature and what Nature requires of us for survival and well-being and the practice of this knowledge will indeed in time set us free, mentally, spiritually, and physically. The Knowledge of Vodun (also called Voodooism) used to be a great science of The Universe, but down through The Negative Forces of Evolution, Vodun decreased in REASONABILITY and POSITIVENESS to the point

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

of becoming merely a skeleton of itself. So what we Africans by Race have to do is put the meat back on the bones; but, instead of putting the meat back on the bones from the left side of The Circle of Existence, we must put the meat back on the bones from the right side of The Existence Circle called Absolute Nature, as The Circle goes upward on the right side from rock bottom. Let it be known!

54. Listen to Reason! Of course, by the word MEAT in this case, The Writer means Positive Knowledge and Positive Spirituality as well as Sound Right Reasonability and Positiveness in General. Instead of working with Spirits from the left side of The Smat Circle of Order, let them be from the right side of the same circle. The left side Spirits let The African Race descend into slavery and Tartarus (Hell and Hades). It now takes the right side Spirits of The Smat Circle of Order to help us Ethiopians by Race out of captivity and Tartarus and back to liberation and freedom -- our type of freedom in our own type of society which is Noone. Surely, those Spirits who will work with NoopooH and Noone for our liberation from Adverse Forces are RIGHT-SIDE SPIRITS. Ethiopians by Race can not put any confidence in THE OLD GODS AND GODDESSES, because: They let us Africans by Race down, although it was predestined to happen, according to The Smat Circle of Order. Let it be known!

55. Listen to Reason! The Ethiopian Race (The African Race) was indeed The First Human Race on Planet Earth and was therefore at the top of The World in knowledge and power when Evolution began; but, since other ethnic races had to have their turn at ruling on Planet Earth, this meant that the ruling power of The Ethiopian Race would have to decrease so that the ruling power of other ethnic races could increase, and the continuation of this process down through Evolution meant the bottom of the totem pole of power for The African Race at the end of Evolution which is now. So then, whatever mistakes we Africans make as an ethnic race that help cause our descent from ruling power and world respect were predestined by The Smat

Circle of Order via The Negative Forces of Evolution and Nature. Let it be remembered always and let it be known!

56. Listen to Reason! The correct information already given in this presentation answers the question: "Why The Gods and Goddesses of Africa and Asia had to desert The African Race while supporting others. However, The Spirit-Gods and Goddesses abandoning us is also why members of The Ethiopian Race must start anew and re-create everything we need for survival and well-being, because: Regardless of what reason The Gods and Goddesses of Africa and Asia (and even of The World) had for deserting The Ethiopian Race and watching us be demeaned and degraded by other Ethnic Races, we members of The Black Race need new energies and values of Nature like New Knowledge and New Sound Right Reasonablity in whom we can put our trust and confidence. Let it be known!

57. Listen to Reason! This Scribe and Messenger, Afroo Oonoo, who wrote this correct and positive information has written several books entitled: "ARE YOU SEARCHING FOR KNOWLEDGE? IF SO, READ ME" and "INTRODUCTION TO THE NATURE OF NATURE" -- Book One and Book Two. These books further introduce us to THE NATURE OF NATURE and give us a framework look at whom we Ethiopians and Africans are by Race and Nature, our origin and the origin of others, what our potential is as an ethnic race, and what we must know and do for survival and well-being as an oppressed and also mistreated human Race. This correct information and the other books written by Afroo Oonoo are scientifically known as THE SCIENCE NOONE. Be it known!

58. Listen to Reason! It is true that this presentation of knowledge being spoken is specifically meant to reach those who can not read, those who had rather listen than read, and those of us who like to listen as well as read. Listeners and Readers, do not just listen and read this vital information as entertainment, but also make a sincere attempt to learn it and understand it, for it is very crucial to our future and welfare. As expressed earlier in this correct information, we Africans by Race must

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

create or re-create whatever we need to liberate ourselves from Adverse Forces such as racial oppression, slums, poverty, disease, one-sided racism, and the ignorance of not knowing ourselves, our potential, the name of our human race, The Nature of Nature, The Laws of Nature, our Spiritual and Universe Science of Nature, and what Nature indeed requires of us for longer life and better living. Let it be known!

59. Listen to Reason! We Africans by Race need the ability, knowledge, and guidance of Sound Right Reason called NoopooH and our Science known as Noone in order to be mentally resurrected from the grave of ignorance about Absolute Nature and Its Laws that we must learn and practice for survival and liberation from enemy forces. Sound Right Reason (NoopooH) is neither an individual Spirit or Spirits nor Spirit-Gods or Goddesses; Sound Right Reason is THE BEST MIND of The One Supreme Being called Absolute Nature Who is Infinite in all directions and Eternal. Sound Right Reason is Mind Energy of The All-in-All that emanates from THE CENTERS of The Suns of The Universes and penetrates the persons, places, and things of The Universes. Sound Right Reason changes the atmosphere we breathe and the way we think. Let it be remembered always and let it be known!

60. Listen to Reason! This is happening because of the ending for sure of The Moon Cycle which is the last six thousand years of Evolution. Sound Right Reason (NoopooH) changes the atmosphere for better, because NoopooH increases positiveness in the air we breathe, and atmosphere rules by way of Spirit Beings and other gases and energies including Reason. Moreover, Spirit-Gods and Goddesses on THE POSITIVE SIDE of The Negative Forces of Nature are obligated to aid and help Sound Right Reason (NoopooH) accomplish what must be done for The Mental Resurrection and liberation from Adverse Forces bent on destroying The Ethiopian Race further and completely, mentally, spiritually, and physically. Let it be known!

61. Listen to Reason! Down through Evolution we Ethiopians by Race lost our Sound Right Reasonability -- our ability to reason soundly and rightly.

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

and PROGRESSIVE REASONABILITY is the main quality and power that distinguish Human Beings from lower animals. When a person loses his or her Nature Ability to reason progressively and soundly, he or she is almost like the lower animal. The descending trend of Evolution also meant a descending trend in our mental processes as PTAHKIND, while MANKIND was increasing in mentality. Kinky-Haired People are Ptahkind by Nature, and it is true that Straight-Haired People are Mankind by Nature. These two kinds are OPPOSITES BY NATURE; therefore, one increases as the other decreases in power, authority, and leadership by Nature. Let it be known!

62. Listen to Reason! Reason or Reasoning is the mental process of figuring something out. Reasoning is the mental process of finding the correct answer to a question or the right solution to a problem. Reasoning is the mental process of thinking progressively, that is to say, the mental process of being able to go forward from one orderly and sensible idea or thought to another, and therefore, the results of Reasoning is solution and creation, law and order. Reason can be The Act of Reasoning or the results of Reasoning or both. Reason is the mental process that creates all persons, places, and things at their beginning, be they artificial or natural, and provides for their reproduction. Let it be known!

63. Listen to Reason! As The Writer stated at the beginning of this presentation: Repeats of information in these writings are intentional for the purposes of clarity, memory drill, and emphasis on the point having already been made. Hence, we continue -- The Creator of The Universes and the original persons, places, and things thereof is REASON -- to be more precise or specific -- NINE-REASON, The Original Cosmic Reason. All Matter possesses what Universe Scientists call BRAIN-NOOTS in one degree or another, and this means, of course, that some forms or formulas of Matter have more Brain-Noots in them than others, but all Matter has them. Brain-Noots are particles of Matter who are MAGIC and MAGNETIC. Brain-Noots are MICROSCOPIC and MACROSCOPIC, meaning, They can neither be seen with the

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

naked eyes nor with the microscope, but we can see with them, taste with them, smell with them, hear with them, and feel with them, physically and emotionally. Let it be remembered always and let it be known!

64. Listen to Reason! The creative powers and energies of Absolute Nature, The One Supreme Being, are spontaneous and efficacious, meaning, automatic and able to do what is necessary in order to put an entity or organism into creation order. Brain-Noots in Matter are THE CREATOR by way of BRAINS and REASON, therefore, we maintain that this combination called BRAIN-NOOTS, BRAINS, and REASON are THE CREATOR of all persons, all places and all things. Brain-Noots in Matter are also called The Prime-Mover, and The Prime-Mover in Matter is the first particles of Matter to make the first move toward putting an organism into creation order. What ignites The Prime-Mover are conditions in Matter, that is to say, if all the necessary ingredients for composition or constitution of an organism are present in one place and the temperature is right, The Laws of Nature go into effect and action, igniting The Brain-Noots of Matter, and those Brain-Noots of Matter magically amalgamate (magically come together) and begin to form a Brain, and as The Brain formulates, it grows the rest of the organism by The Reason it produces by way of Brain-Noots. Let it be known!

65. Listen to Reason! Since Matter by true definition is anything and everything that occupy Space, then Matter is THE ALMIGHTY together with Space and Time. Therefore, it can truthfully be said that Matter creates all persons, places, and things via Brain-Noots, Brains, and Reason. Before a person, place, or thing is put into creation order, someone has to decide what form it will take, what formula or material will be used, and what energies are needed to produce the formation, and that someone indeed is REASON who is produced as Brain-Noots melt down by way of Brains. It is true that BRAINS are THE NATURAL MEDIUM for Brain-Noots and Reason. It might simplify matters somewhat when The Writer states that BRAIN-NOOTS ARE REASON in Its POTENTIAL STATE, and REASON IS BRAIN-NOOTS in their ACTIVE STATE. Let it be remembered always and let it be known!

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

66. Listen to Reason! The Brain-Noots Gods and Goddesses are defined and discussed in Book Two of "Introduction to The Nature of Nature" written by Afroo Oonoo, The Philosopher, Writer, and Messenger of NoopooH -- The Original Prime-Mover of All The Worlds and Universes. The Universes of Absolute Nature GREW to be what they are like a tree grows to be what it is. Mundane scientists are sending rockets into outer space trying to find out how The Universe originated and how mankind began, although all answers we need to know are right here on Planet Earth; and to get these answers, all we have to do is study Nature and follow Its patterns and examples. For Example: If one assumes that plants and animals are limited to grow to a certain size and possess limited powers, then that person has limited his or her thoughts to limited knowledge and limited growth. Let it be known!

67. Listen to Reason! On the other hand, if one thinks of Absolute Nature Itself as an unlimited or limitless organism of growth with countless members and parts, then his or her thoughts are limitless. Hence, Absolute Nature is The Limitless Organism Who produces countless other organisms within by growth. Nature creates by growth, hence, origin of The Universe is by conception, gestation, and growth. It is also true that The One Supreme Being is UNIQUE, meaning, The Only One of Its Kind, for there is no other. The One Supreme Being is limitless in distance in all directions and is Eternal, meaning, It had no beginning and can never end even if It wanted to. So it stands to reason that Absolute Nature is indeed self-organized and self-existent as well as self-developing and self-subsistent, that is to say, self-sufficient, since there is nothing else existing besides Absolute Nature. Absolute Nature is All Matter occupying All Space and needs All Continuing Time to exist with Its Laws and Cycles. Let it be known!

68. Listen to reason! A law of Nature is a characteristic of Nature, and a cycle of Nature is a network of characteristics of Nature. The Ethio-

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

pian Race, even more so than other ethnic races, needs A NATURE EDUCATION into Nature's Laws and Order like our ancestors were educated and taught the rest of the peoples of The World. The Laws of Nature are derived at through Reason, Reality, and Inspiration, like The Science of Absolute Nature is determined through Reason, Reality, and Revelations. The law of a person, place, or thing is THE NATURE of that person, place, or thing. The law of a person or thing is THE CHARACTERISTICS and INSTINCTS of that person or thing. Let it be remembered always and let it be known!

69. Listen to Reason! Knowing how The Laws of Nature works and what is required of us Human Beings for survival and well-being from these laws are most important and appealing to our reasonability and intelligence. The two main Laws of Nature that all other laws directly affecting Human Beings should rally around are: "THE LAW OF PLEASURE AND PAIN" and "THE LAW OF KINSHIP or BLOODLINEAGE." What gives us Human Beings The Laws of Nature are Reason from The Brains of Nature and inspiration from Spirit Beings. What gives us Human Beings the revealed past and hidden history of The World and our Ancestors are Sound Right Reason and Spirit Beings. What gives us Human Beings the beginnings and endings of persons, places, and things is Sound Right Reason and Spirit Beings who were there at the beginnings and will still be there at the endings. Let it be known!

70. Listen to Reason! The more a person learns about THE NATURE of self and others, the better the understanding of how to relate to self and also others. Basically and scientifically, a person has three philosophical components that make up his or her philosophical self, namely: The Mental Person, The Spiritual Person, and The Physical Person. First (1) The Mental Person is THE MIND whose source is Brain-Noots and Brain, and The Mind always dictates what The Physical Person is going to do, unless interfered with by The Spiritual Person. Therefore, it is very important that you do train your mind to think deeper and concentrate more on what you have to do daily and especially so on your troubles and problems. The mental pro-

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

cess of reasoning is concentrated thinking on a subject or issue, using the elimination process, and coming to a conclusion. Take time out and concentrate on the possible solutions to your troubles and problems, and you might be surprised to learn what sound ideas may come to your mind. As the adage goes: Stop drinking and start thinking. Train your mind to think deeper and concentrate when it is needed. Let it be known!

71. Listen to Reason! Second (2) The Spiritual Person is THE PSYCHE the source of whom is THE SPIRIT WORLD, because this is The Spirit Being who comes and possesses the person during his or her gestation period in the mother's womb or at birth of the person, because Spirit Beings must transmigrate from one living being to another in order to survive and strive. Your Psyche coming to you and connecting with you is like the negative being added to the positive. Your Psyche is your overall control, because it can interfere with your thinking and your decision making. Usually, Spirit Beings do what is in their best interest for survival, pleasure, and honor, and, if what they do is in your best interest too, you are considered blessed or lucky or both. Let it be known!

72. Listen to Reason! However, it is true that your Psyche can indeed be changed or may change due to the bombardment of positive knowledge upon a psyche who perpetuates ignorance and negativeness, and the ignorance psyche would be supplanted by a knowledge psyche. Or a ruling Spirit, for one reason or another, might decide to replace your Psyche with a more negative or positive spirit. The point is this: The reasonability of The African Race decreased down through Evolution due to negative Evolutionary Forces, while the reasonability of other ethnic races were increasing due to their being originated at the beginning of Evolution as Evolutionary Sons and Daughters. And to compound this situation toward the worst for The Ethiopian Race, Leviathan (who is considered to be all Spirits collectively, including the ruling ones) sends the less intelligent, less powerful, less authoritative, and more negative spirits to be psyches for mem-

TRANSCRIPT ONE OF
TAPE ONE OF NATURE CONTINUES

bers of The Black Race, while sending the more intelligent, more powerful, more authoritative, and more positive spirits to be psyches for members of other ethnic races, particularly The Caucasian Race, and this is why this Writer maintains that there are evil spells and curses upon The Ethiopian Race from Religions, and we must get our PSYCHES changed by way of NoopooH and Noone. Let it be remembered always and let it be known!

73. Listen to Reason! Third (3) The Physical Person is THE BODY whose source is Brain-Noots, Brain, and Reason, and The Body always follows the ditates of The Mind, unless interfered with by The Psyche. The Body(which in this case includes the head and other extremities) was created by The Brain and Reason for survival and habitat for the Brain and be the physical tool of creation for The Brain. Moreover, The Body serves the same purposes for The Psyche as it does for The Brain, and if The Mind and Psyche of a person are not congenial, there could be mental problems including personality problems, because the base of The Mind is THE BRAIN, and the base of The Psyche is THE HEART -- Spirits need blood-- and they get it by various means, including war and many other ways that people maim and kill themselves and others. The Physical Body is the means of survival for The Mind and The Psyche. Let it be known!

74. Listen to Reason! As we move on to other information this is what we find: If one wishes to know what the moral values and knowledge values of a neighborhood, nationhood, or human race will be many years from now, all he or she has to do to acturately predict it for years to come is -- check out the mental, spiritual, and physical conditions of THE FEMALES of the neighborhood, nationhood, or ethnic race, and whatever the condition of the females is, will be the condition of the people for many years yet to come, unless there is major change by political or military revolution in the nation that makes changes for the better immediately or there be an education revolution for the better, where all the people get taught what they need to know for survival, longer life, and better living which includes sufficient work and jobs for livihood. Let it be known!

75. Listen to Reason! The reason why the condition of the females of an ethnic race or nation foretells the condition of their people for many years to come is this -- the females of a people give birth to the future and teach the children at home the basics of growing up and learning; so the child will grow up having its life set and molded by its mother, and if the mental, spiritual, and physical conditions of the mother are poor, so will be the offspring. Like the proverb goes: Educate a male person, and you have educated an individual; educate a female person, and you have educated a family. Therefore, we males of The Ethiopian-African Race must see to it that our females are mentally rehabilitated by setting an example for them with our own mental rehabilitation. NoopooH and Noone are willing and able to help. Let it be remembered always and let it be known!

76. Listen to Reason! What our Black Communities need is an education revolution where everyone gets taught new economic, new morals, and new Nature values based upon Sound Right Reason in Positive Knowledge, understanding, and wisdom. Seldom anyone starts at the top of anything, meaning, when someone goes looking for a job, if you do not get what you are looking for at first, take what you can get, until you can do better, and eventually get what you want. Impatience is a liability that causes people (especially youngsters) to do wrong and illegal activities because it is true that they refuse to wait and think and see what all the possibilities are. Concentrating on your intentions and patience are very valuable assets that might spell the difference between failure and success, but do not forget to stay in school so that you will be qualified for the job you might be looking for. Laziness is a liability that you can not afford, if you want to be successful. Let it be known!

77. Listen to Reason! Our new education and rehabilitation should indeed include being taught how to respect self and own kind, so that we can demand respect from other ethnic races. If we disrespect ourselves with loud unnecessary noises and vile profanity, how can we expect other peo-

ples to respect us? If we do not keep our own neighborhoods clean, do we expect other people to come in and do it for us? If we do not keep ourselves sanitary, do we expect others to come into our homes and bathe us? When you are trying to become equal to those above you and over you, you can not afford the luxury of negativeness that keeps you degraded and also down. But the teaching of what is necessary to be socially and educationally equal with other human races must come from the homes and schools and any place needed. As the old proverb goes: Teach a child what he or she should know and do and as it grows older, it will not depart from it. We Africans by Race must teach our children new spiritual science, new philosophy, and new history. Let it be known!

78. Listen to Reason! Yes, we must teach our children new values, new laws, new order, new standards, and a new way of life (our own), but we can not do this rehabilitation unless there are adults to spearhead the drive at home or allow the children to be taught elsewhere by those who are qualified in Positive Knowledge like The Science Noone. One of the greatest hinderances in the re-education of African-American children and youngsters has been and still is OLDER PEOPLE refusing to give up the old slavery-time GHOST and discouraging and refusing to let their descendants break the mental chain of slavery. To put it another way: Most older people help perpetuate slave mentality, because most of them do not have an open mind that permits new information, although it is correct information and liberation information. Even the Caucasian Bible states that my people are lost because of THE LACK OF KNOWLEDGE. Let it be known!

79. Listen to Reason! In pursuing liberation from adverse forces, there are three component parts each member of The African Race has to deal with and work with; namely, The Mental Person (The Mind), The Spiritual Person (The Psyche), and The Physical Person (The Body). Our minds are deeply divided by many false beliefs, wrong assumptions, deceptive half truths, and other confusing information. So what we must do indeed is unite our

divided minds with our own Ethereal Philosophy called Noone by help of our Positive Powers of Nature known as NoopooH, The Original Creator of all the Worlds called The Universes of Absolute Nature. In mental unity there are mind power and physical unity and strength as well. When we learn and accept the same philosophy called Noone, our minds become united as focused on the same objectives. Strong determination and correct information will break the spell of ignorance perpetrated upon us by enemy forces determined to keep members of The Ethiopian Race in captivity. Be it known!

80. Listen to Reason! Your Mind and your Psyche are your guide; therefore, it is most important and essential that the two be as synchronized and united as possible on the issues as subjects for strong mental as well as spiritual success with your body. If you have a psyche who works constantly against your liberation instead of for it, you have a problem, like most members of The Ethiopian Race have, and this is why we are still in captivity, mentally, spiritually, and physically, with evil spells and also curses still keeping us powerless with division and ignorance. It is difficult if not impossible for us to control Spirit Beings, because they are of a different world with different thinking and different motives from that of most humans, except the survival factor, we all (Spirits and Humans alike) strive to survive, and it is so easy for Spirit Beings to take advantage of Human Beings. Moreover, what Spirit Beings require for doing us favors or benefits are sacrifices of various kinds, and NoopooH does not deal in physical sacrifices; NoopooH leaves physical sacrifices to The Spirit Beings and their world. Nonetheless, Spirit Beings are obligated by Nature to aid and abet NoopooH and Noone in accord with The Smat Circle of Order and its requirements. Let it be known!

81. Listen to Reason! Since we have little or no control over Spirit Beings, especially as far as liberation from adverse forces is concerned, we let Nature take Its course with them. In the meantime, however, members of The Ethiopian Race should join THE PROMISE and COVENANT made between

Afroo Oonoo and NoopooH that guarantees liberation from enemies of The African Race and all who need liberation, if we adhere to Nature and Reason according to Noone -- The Science of Positive Knowledge and liberation from enemy forces. Of course, Afroo Oonoo is The Philosopher, Writer, and Messenger of Nine NoopooH, and the covenant agreement for The African Race between Afroo Oonoo and Sound-Right-Reason NoopooH is found in "INTRODUCTION TO THE NATURE OF NATURE," Book Two on Page 236, also written by Afroo Oonoo. Read or recite this MEMORANDUM CONVERSATION at least once a day, and its recital daily will lessen your NEGATIVE PSYCHE more and more until The Ruling Spirits send you a POSITIVE PSYCHE that will help you instead of harm you. Once you let go of the Religion of other ethnic races and accept and practice your own spiritual science, your negative psyche may give you a hard time, but it will eventually have to go when a more positive Spirit Power arrives. Let it be remembered always and be known!

82. Listen to Reason! Both your MIND and your PSYCHE use your PHYSICAL BODY for survival and pleasure. Your Mind uses it to the best of your ability for whatever The Mind likes and The Body needs, and your Psyche uses the Body for its habitat for survival, pleasure, and honor -- for honor if you are a Religionist. Your Psyche (for survival's sake) partakes of what you eat and drink for survival. Hence, since your Psyche partakes of what you eat, what you eat is your chance to make a negative psyche very uncomfortable and less powerful by seasoning your foods and drinks with roots and herbs like garlic, onions, vinegar, lemons, mustard, et cetera, that tone up the muscles and make for better health. It is so written that the combination of CIDER VINEGAR and GARLIC is indeed a miracle worker. Consult your herbalist about how to use them, properly. Like other roots and herbs, garlic can be bought in tablet form that gives off less odor, little odor, or no odor. The Body needs all the support and help it can get, since it is used by The Mind and Psyche for survival. We must try to unite our Minds and Psyches in harmony of purpose by help of NoopooH and Noone. Let it be remembered always and let it be known!

TRANSCRIPT ONE OF THE AUDIO TAPE:
INTRODUCTION TO THE NATURE OF NATURE

This transcript is longer than its tape, because the transcript continues with more review and more additional information than its tape.

HERE ARE A FEW HIGH POINTS FROM THE SCIENCE NOONE:

A. If a person is intelligent enough, he or she can MENTALLY ESCAPE to The World of Reason and Reality which is Noone, inspite of evil spells and curses from Religion.

B. In the beginning were THE SUNS and The Suns are with Nature and The Suns are Nature and The Suns (The True Stars of The Elements) are The Gods and Goddesses who GREW Absolute Nature into Universe Order.

C. There are MANY GODS (The Sun-God, Earth-God, Moon-God, Underworld-God, Sea-God, Serpent-God, et cetera, and their Consorts) but ONLY ONE, One Supreme Being, and that is ABSOLUTE NATURE -- Infinite in all directions and Eternal.

D. Religion began with A REBELLION OF GODS AGAINST GOD six thousand years ago, that is to say, The Moon-God Sin (Hermes), The Earth-God Dagan(Sobek) and The Underworld-God Pluto (Yama) REBELLED against The Sun-God Reharakti and created The Caucasian Race. When the word RELIGION is taken as a POSITIVE DOGMA, the literal meaning of it is "THE LEGION OF RE (Ra)." On the other hand, if the word RELIGION is regarded as a NEGATIVE DOGMA, the literal meaning of the word is "THE LEGION AGAINST RE (Ra)." In the sense the word Religion is used in this paragraph, it is NEGATIVE.

E. All People who grow genuinely KINKY HAIR on the their heads by Nature are PTAHKIND, and All Peoples who grow genuinely STRAIGHT HAIR on their heads by Nature are MANKIND. Moreover, All Peoples who grow genuinely curly, meaning, WAVY HAIR on their heads by Nature are a combination of Ptahkind and Mankind.

The preceding paragraph gives us THE THREE MAJOR DIVISIONS OF HUMAN BEINGS in Universe Classification, and for original classification purposes, The Kinky-Haired People are called THE PTAHKINDOID RACE; The Straight-Haired Peoples are called THE MANKINDOID RACE, and The Wavy-Haired Peoples are called THE MONGRELOID RACE. All three races have subdivisions.

INTRODUCTION TO THE NATURE OF NATURE

F. Members of The Ethiopian Race (The African Race) going from one Religion to another is like going from one slavemaster to another. The road to liberation and freedom for The Black Race is embracing our own spiritual power-base known as THE POWER NOOPOOH and THE SCIENCE NOONE. Anything other than our own by Nature is deception and destruction for The Ethiopian Race also called The Ptahkindoid Race.

G. THE CREATOR is The Prime-Mover in ALL MATTER everywhere, and The Prime Mover is the first particles of Matter to make the first move toward putting Matter into CREATION ORDER, and those magic-magnetic particles of Matter are called BRAIN-NOOTS who use Brains and Reason as their Creation Forces and Powers, therefore, The Writer states that REASON (Concentrated-Mind) is The Ultimate and Finishing Creator.

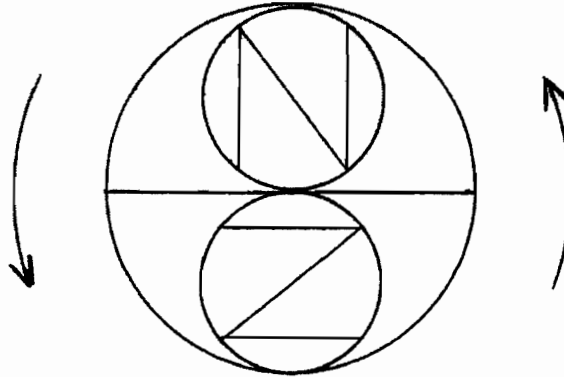

H. Creating does not mean making something from nothing. Creating means putting Matter into creation order from Matter or material already existing. According to "The Law of Impossibility" (one of many Laws of Nature) It stands to Reason that it is impossible to create something from nothing and likewise impossible to destroy Matter in the sense that it exists no more in any form or formula. When we allow our conclusions to form WITHOUT REASON, we have slipped into DECEPTION and MENTAL BLINDNESS.

I. A circle or ball represents ORDER by Nature, and note that the word ORDER begins with a circle. THE SMAT CIRCLE OF ORDER is The One Supreme Being (All of Nature) in all of Its orderly circular activities, Laws, Degrees, and Cycles for seventy-two million (72,000,000) years called a CIRCLE-CYCLE, and after 80 times 72 million years, The Smat Circle of Order becomes THE SMAT CIRCLE OF CHAOS with the same time span of duration. A CIRCLE-CYCLE of The Smat Circles is the time it takes each circle to complete a rotation --- counterclockwise for The Order Circle and clockwise for The Chaos Circle. See Page 39 for a geometric view of The Smat Circle of Order and also Chaos. The two circles are OPPOSITES OF ETERNAL NATURE.

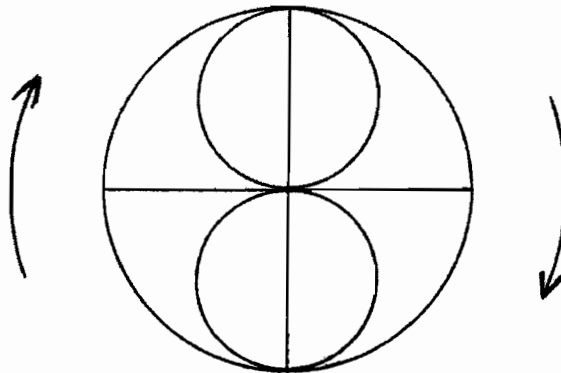

J. In order to definitely decide for sure whether life can continue after death of the physical body, one must first definitely know for sure WHAT LIFE IS. See the orange-colored booklet "ARE YOU SEARCHING FOR KNOWLEDGE?"
